If you can’t be a highway, just be a trail
If you can’t be the sun, be a star

It isn’t by the size that you win or fail; be the best of whatever you are.

With this conviction, our class took up every challenge that came their way. We started the session with a wonderful performance in the students’ council. It is a matter of great pride for us that the prefectural body consists of three young leaders from the class, who are loyal and dedicated to their duties—Vidur Rajpal as the Head boy, Mahir as the sports captain and Bhavya Arya as Kabir Hose prefect.

Bhavya Arya needs special mention for being an ‘all-rounder’ and representing school in various dance performances, apart from showing excellence in other areas too.

The first activity of the school started with our class special assembly, where we celebrated the Earth Day, involving the whole school. The students had put up an exemplary show to make everyone tree-conscious.

Where the co-curricular activities started, the students participated in all the events with zeal and vigour to make everyone proud. The class made an encouraging start and brought laurels. The calligraphy competition had Ridhi Lohia, Rubal Kundu and Aayush getting honours for their beautiful hand.

Another feather to the cap was added by two of our sharp minds, Neha and Kumud Goyal, who registered a win in the Sudoku competition. It is also a matter of great esteem that our able team, comprising of Vidur, Aayush, Neha, Vansh, Bhavey and Sanskar secured 3rd position in the Spell Bee competition.

The young and the brainy minds have shown their thrilling performance in all the areas of scholastic activities. Our class has been bestowed with Vidur Rajpal, Bhavey Arya and Shaurya Goel, who have plucked three positions from the tree of success in the Cyber Olympiad. Besides this commendable performance, our class performed superbly, when it came to Maths Olympiad. Bhavey, Vidur, Aayush, Shreyati and Abhay brought credit to the class, by winning many top positions.

‘Academics serve to sharpen the intellect and sports to discipline the spirit.’

If we look at the performance of the class in the sports field, it is really appreciable. With so much untapped power and enthusiasm brewing in our students, it was not a surprise that we were a part of every winning team. Be it cricket, football, hockey, TT, Yoga or skating, we always remained in the forefront. Kartik represented the school in the zonal games in Skating competition. In the Annual Athletic Meet, we gave a tough competition to the other competitors and won medals. Ridhi in 400m, Kartik and Rubal in Ball throw were among the medal winners.

Through the efforts of each member, the class has excelled in each field, so important for all-round development of the students’ personality, which is our aim. The team spirit in the students have made us proud and we promise to do so in the future as each one of us believes:

“When faced with a mountain, I will not quit! I will keep on striving until I climb over, find a pass across, tunnel underneath or simply stay and turn the mountain into a goldmine.”
