

## FOOL

"He is a fool".

That's what they call me at the school.

They use me as a toy

To make fun and joy.

I am not a duffer,

Isn't there already to suffer,

People just pass by,

They never talk, thinking that

I am a fool,

Used by some idiots to act cool.

But I tell you why,

My level is not so high

'Cause you don't give me a chance,

In anything like arts, music or dance

But I tell you all

Once and for all

Even if I follow all the rules,

I am just not a fool.
